### Latino Forum

In September 2014, Sucesos Newspaper will celebrate its eighth year of serving Houston's Latino community.

During these years of tough & exhaustive work, we've had the opportunity to witness firsthand the challenges that the Latino community faces daily. Leaving us to ask with concern, *"Where exactly is our Latino community headed in regards to education, business and social issues?"*

On Wednesday, September 3, 2014, Sucesos Newspaper will organize a forum **"Latino Perspective 2014"**, that will foster the opportunity for collective discussions for a creating a better future for the Latino community and secure tools to help overcome the disadvantages that Latinos face.

**Registration is Required**

**MD Anderson  
Cancer Center**

MD Anderson Cancer Center has requested that HWIL relay information to our women readers about their new study:

**Project LEAP**

Project LEAP (Lowering endometrial cancer risk through activity, nutrition, and preventive medicines) is a study aimed at overweight, post-menopausal women between the ages of 50 and 65. Our study's goals are to determine if we are able to decrease the risk of endometrial cancer through a lifestyle and drug intervention. Our lifestyle intervention includes weekly meetings with a dietitian and supervised exercise sessions twice per week. Interest individuals may contact:
